1. The reductions being temporary, the present sanctioned rates of pay remain unaltered. These rates will continue to be shown in salary and establishment bills. The sanctioned rate of (unreduced) salary and the reduced salary (after deducting the amount of cut) will be noted therein in accordance with the instructions issued by the Comptroller.

2. Personal allowances including duty allowances which are personal to the officers concerned will be treated in the same way as salaries and will be subject to reduction.

3. Allowances other than personal are exempt from the percentage reduction.

4. All allowances granted as additions to pay or salary, except permanent monthly travelling allowances and conveyance allowances of all kinds, should be treated as part of an officer's emoluments for determining the percentage of reduction even though the allowances are not subject to cut.

5. In the case of retired officers who are re-employed, the total emoluments of officers including portion of pension drawn should be considered as salary and subjected to percentage reduction.

6. The leave allowances of officers will be subjected to deduction in the same manner as salaries, the percentage cuts to be applied being based on the monthly amounts of such allowances.

7. The calculation of leave allowances and of pensions and the classification of officers for purposes of travelling allowances will be based on sanctioned rates of pay without applying the reduction sanctioned in this order.

8. When there is a change in the salary of an officer in the middle of a month, the salary cut should be separately applied to the different rates of salaries in the several periods of the month and not to the total salary drawn for the entire month.

9. The Government contribution to the Provident Funds of the Electrical, Railway and other Departments, where the scheme of compulsory Provident Funds is in force, will be calculated on reduced pay during the period when the salary cut is in force; provided that option will be given to officers to contribute on the basis of unreduced salary and if they do so, the Government bonus will be equal to such contribution.

10. In the case of officers who have been repaying the advances obtained from Government for building or purchasing houses and for buying motor conveyances, the deductions from salary in respect of the repayment of such advances may be based on the amount of reduced pay.

NOTE.—The concessions allowed in Government Order No. Fl. 6102-6151—G. F. 115-31-10, dated 20th January 1932, regarding the reduction of the monthly instalments of House Building Advances will be continued, the same being calculated at the revised rates.

11. The assessment of rent on Government buildings has to be calculated on the net salary of an officer left after the cut.

12. For purposes of levy of Income and Super-taxes, it is only the net salary drawn after making the percentage reduction that should be taken into account.

13. The reduction in salary herein ordered will also apply to (i) officers whose services are lent to Local Bodies or to the Palace, and (ii) to those whose salary is paid by the Insurance Funds—Official and Public Branches—Mysore University Funds, Muzrai Funds, Military and other funds administered by Government.

NOTE.—In the case of officers in respect of whom pensionary contribution is paid by the Local Bodies or Funds, the contribution for pension should be excluded for purposes of calculation of the rate and amount of cut.

14. The rates of salary reduction will apply also to the men borne on the work establishment of the Electrical Department whose wages are now subject to cut.

15. This order does not apply to officers whose emoluments are fixed for specified periods under special service contracts, but it is open to such officers to offer to make or continue to make voluntary reductions in their salaries at the rates mentioned in the order.

16. (a) The exemption (partial or full) from salary cut already granted to officers, whose duty and other allowances were abolished or reduced, etc., in accordance with the following principle enunciated in para 6 of the Government Proceedings read above, will be continued so long as the conditions under which they were granted remain unchanged :—

"When the total reduction in an officer's allowance and salary exceeds 15 per cent of this total original emoluments—unreduced allowance plus unreduced salary—the cut in his salary will be reduced to the extent of the excess. The following illustration is given to show the working of this rule :—

Salary	Allowance	Total emoluments	Reduction of allowance	Salary cut	Total deduction	15 per cent in total emoluments	Relief to be given—excess over 15 per cent	Net reduction in salary
Rs. 800	Rs. 50	Rs. 850	Rs. 50	Rs. 22½	Rs. 72½	Rs. 52½	Rs. 20	Rs. 2½

The partial or full exemption admissible under this rule will be allowed only so long as the officers concerned continue to perform the duties in consideration of which the allowances were originally sanctioned."

(b) If these officers receive any additions to their salaries from and after the date of the order introducing the cut in salaries, such additions will be subject to the percentage cut applicable to their total emoluments.

17. This order does not affect any special relief from salary cut granted by Government in individual cases.

18. Subsidiary instructions issued from time to time in regard to the application of the rules relating to the salary cut in particular cases will continue to be in force.
